Objective

To obtain a co-op/internship in computer science for spring/summer 2025

Education

B.S in Computer Science **September 2023 - Present**
Concentration: Game Design & Development
University of Wisconsin - Stout, Menomonie, WI **Expected: May 2026**

Associate's degree in Software Development **September 2021 - May 2023**
Chippewa Valley Technical College, Eau Claire, WI

Skills

- Computer Science
- Computer Hardware
- Customer Service
- HTML5/CSS
- Java/JavaScript
- C/C++
- SQL/MySQL
- Microsoft SQL Server
- PHP
- C#
- Node.js
- Visual Studio/Visual Studio Code
- Git/GitHub
- Unity
- Unreal Engine 5

Projects

@Obsession- **September 2023 - December 2023**

It is a point-and-click horror-like game made in Unity. This game is about a content creator who recently became popular and has to continue growing their platform while avoiding a stalker. The main components I worked on were the stalker system, the notification system, and the audio.

Resume Today- **January 2023 - May 2023**

This is an online platform designed to simplify the resume-building process for job seekers. The main components I worked on were adding a skills feature in the resume builder, formatting the generated resume, creating content on various pages, and creating the logo.
